DETAILED ACTION

1. Claims 1-7 are pending. Claims 4-7 remain withdrawn from consideration.
2. Applicant's January 28, 2005 Amendment and REMARKS have been reviewed.
The previous rejection is withdrawn pursuant thereto.
3. Applicant's corrected Abstract is approved.

Claim Rejections - 35 USC § 103

54. The following is a quotation of 35 U.S.C. 103(a) which forms the basis for all obviousness rejections set forth in this Office action:

(a) A patent may not be obtained though the invention is not identically disclosed or described as set forth in section 102 of this title, if the differences between the subject matter sought to be patented and the prior art are such that the subject matter as a whole would have been obvious at the time the invention was made to a person having ordinary skill in the art to which said subject matter pertains. Patentability shall not be negated by the manner in which the invention was made.

5. Claims 1-3 rejected under 35 U.S.C. 103(a) as being unpatentable over Melchione, US 5,930,764 or US 5966,695.

Each Melchione patent discloses storing in a database, e.g. 10, data related to at least one key success factor, data related to unmet needs, data related to a propensity to choose a product, e.g. 21-25, computer links, e.g. 14, 15, and products, e.g. electronic sales. Melchione does not specifically use the term post-launch performance.

However, to have computed potential market share, i.e. post-launch performance, for the electronic sales system using the data disclosed by Melchione, would have been obvious to one of ordinary skill in the art. The motivation for having done such would have been to determine common knowledge computer analysis information. Applicant's REMARKS have been reviewed, but are moot in light of the new grounds of rejection.

6. Further pertinent references of interest are noted on the attached PTO-892, e.g. US 6,584,472 discloses potential market share, while US 6,708,156 a market penetration calculation.

Conclusion

7. Applicant's amendment necessitated the new ground(s) of rejection presented in this Office action. Accordingly, **THIS ACTION IS MADE FINAL**. See MPEP § 706.07(a). Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

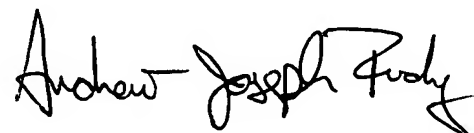

A shortened statutory period for reply to this final action is set to expire **THREE MONTHS** from the mailing date of this action. In the event a first reply is filed within **TWO MONTHS** of the mailing date of this final action and the advisory action is not mailed until after the end of the **THREE-MONTH** shortened statutory period, then the

shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of the advisory action. In no event, however, will the statutory period for reply expire later than SIX MONTHS from the date of this final action.
